

1. Cut along the dashed lines. You will use the other half of cardstock later.
2. Tape a piece of aluminum foil over the square hole at left.
3. Use a pin to poke a hole in the center of aluminum foil.
4. With your back to the Sun, hold this piece of cardstock in front of the other half of white cardstock until an image of the Sun appears.

**\*This side faces the Sun\***
